

October 2005

When it came time to redo our front and back landscapes, we had so many ideas that we did not know how or where to start. Gus Capparelli laid out a clear and concise plan that was implemented by him and his crew in a precise and very professional manner. His attention to detail is extraordinary. We had a wonderful experience and we love the way our property looks. We continue to work with him and his company every chance we get.
